

NOTICE FOR EMPANELMENT OF TECHNICAL EXPERTS (NATIONAL & INTERNATIONAL)

The Coalition for Disaster Resilient Infrastructure (CDRI) is in the process of empanelment of Technical Experts (National & International) for various ongoing and upcoming technical projects and studies within India and across the globe. The Technical Experts will be empanelled from the following infrastructure sectors: Telecommunication, Power, Health, Urban, Transportation (roads, railways, airport, waterways), Disaster Risk Financing and other areas relevant to CDRI operation, as listed on the application portal with requisite professional or academic experience.

Details regarding the eligibility, experience, requirements, and payment structure are available in the annexures of this document:

- **Annexure 1: Terms of Reference (ToR) for engagement of Technical Experts**
- **Annexure 2: Professional Fees for Consultants Based in India (National Technical Expert) and Based Outside India (International Technical Expert)**

The process of empanelment is aimed at creating a pool of experts for CDRI to draw on as required and does not constitute an offer or guarantee of work. Empanelment as a Technical Expert with CDRI, by itself, does not imply any certification or qualification of quality of the Expert. CDRI will empanel experts for an initial duration of 2 year and may be renewed based on performance.

How to Apply:

All interested and qualified domain experts are requested to apply on <https://cdri.world/career/career.php>.

Please note:

CDRI is committed to achieving workforce diversity in terms of gender, nationality, and culture. Individuals with disabilities are equally encouraged to apply. All applications will be treated with strict confidence.

CDRI has ZERO Tolerance on sexual exploitation and abuse, any kind of harassment including sexual harassment and gender / racial discrimination. Any selection therefore will be subject to satisfactory reference and background check.

The CDRI does not charge any application, processing, training, interviewing, testing or other fee in connection with the application or recruitment process. Should you receive a solicitation for the payment of a fee, please disregard it. Furthermore, please note that emblems, logos, names, and addresses are easily copied and reproduced. Therefore, you are advised to apply particular care when submitting personal information on the web.

ANNEXURE 1: TERMS OF REFERENCE (TOR) FOR ENGAGEMENT OF TECHNICAL EXPERTS (GENERIC/NON-SECTOR SPECIFIC)

1. Introduction

The Coalition for Disaster Resilient Infrastructure (CDRI) is a multi-stakeholder global partnership of national governments, UN agencies and programmes, multilateral development banks and financing mechanisms, private sector, and academic and knowledge institutions. It aims to address the challenges of building resilience in infrastructure systems and their development. The vision, mission, goal, and objectives of the CDRI are linked to the post-2015 development agendas. The CDRI will also contribute to the resilience of global infrastructure systems in an increasingly interconnected world. The outcomes would lay foundation of resilient economies and society through cross-sector commitments at to global scale.

The CDRI will support countries to upgrade their systems for ensuring disaster and climate resilience of existing and future infrastructure. It seeks to rapidly expand the development and retrofit of resilient infrastructure for the SDGs objectives of universal access to basic services, enabling prosperity, and decent work. The CDRI envisions measurable reduction in infrastructure losses from disasters including extreme climate events.

The Government of India has established a Society in New Delhi to act as the Secretariat of CDRI. The Secretariat functions under the direction of the international Governing Council and implements the programmes of CDRI.

2. Background and Objective

Technical Experts are being engaged by the CDRI Secretariat to review technical aspects of documents relating to and created under the projects, initiatives, and studies of CDRI. The projects, initiatives and studies taken up by CDRI will be focused primarily on the six priority infrastructure sectors of Power, Transportation, Telecommunications, Urban, Health and Disaster Risk Financing. The technical experts would support the Secretariat through reviewing and evaluating sector specific technical documents that would be produced at the time of development of project and during their execution.

3. Scope of Work:

The TE may be engaged to provide the following services to CDRI:

- a. Assistance in the review and evaluation of documents on all technical aspects including scope of work, methodologies, findings, technical feasibility, financial aspects, and recommendations.
- b. Review of bid documents, Terms of Reference, and Scope of Work for initiatives to be launched under CDRIS including scoring of technical proposals.
- c. Advice on technical, project planning, implementation, monitoring, evaluation, and close-out.
- d. Participate in meetings or field visits, as requested by CDRI.

4. Deliverables

- a. Detailed Terms of Reference will be provided for individual assignments on a case-by-case basis spelling out the scope of the assignment and deliverables by the TE.
- b. The rates for both National and International TEs will be inclusive of income tax as applicable in India. The rates for National Consultants will be exclusive of Goods and Services Tax (GST) as applicable in India.
- c. Payments to TEs will be made based on per-day rates as defined in Annexure 2.

5. Education and Experience Required

A. Education Criteria

Compulsory

- Advanced university degree (equivalent to postgraduate) in the field relevant to the study.

Desirable

- Undergraduate technical degree in the same sector as that of the study
- Doctorate / PhD degree in the field relevant to the study

B. Experience Criteria

Compulsory

- Minimum relevant professional or academic experience in the field and technical area relevant to the study/project/initiative as per grades in Annexure 2.
- Experience of conducting technical review of project documents.

Desirable

- Experience of similar roles for UN, World Bank, or international development and multilateral organizations

C. Language Requirements

- Fluency in written and spoken English is a must. Additional language skills would be desirable.

6. Schedule

Selected Technical Experts will sign a contract with CDRI to support specific projects and actual work will be assigned through “Work Orders” specifying number of (8 hour) days of work and timeline.

7. Consultant Fees

As per the policy of CDRI, TE will be paid a per day all-inclusive professional fee based on their grade/scale. See Annexure 2.

Additionally, DSA as per CDRI policies may be applicable subject to the requirements of the assignment.
